PEST CONTROL - 60 SECOND EXAMPLES (FEEL FREE TO COPY)

Pest Control #1

Hi, I'm Diego Alvarez with TrueGuard Pest. Professional service delivered with care. This week I am looking for property managers with duplexes or small complexes who receive repeated ant or roach complaints from the same units. A twelve-unit property called us after monthly sprays failed. We sealed entry points, treated wall voids, and educated tenants about food storage. Complaints dropped to zero and renewals improved. This week I am looking for managers who say the bugs are back within two weeks. When you hear that, think TrueGuard. I am Diego Alvarez with TrueGuard Pest. Healthy homes, guaranteed. We pair targeted treatment with prevention so infestations do not return. Expect appointment windows that we keep, photos of problem areas, and a service plan that respects people and pets.

Pest Control #2

Hi, I'm Lauren Pike with YardShield Pest & Lawn. Professional service delivered with care. I want homeowners who avoid their patios at dusk because mosquitoes ruin family time. A client tried candles and apps without success. We set a monthly barrier treatment and installed a quiet fan-based solution near seating. Backyard dinners returned the same week. This week I am looking for families who say they never use the yard after sunset. Send them to YardShield. I am Lauren Pike with YardShield Pest & Lawn. Outdoor spaces without unwelcome guests. We service on schedule, text before we arrive, and use targeted products so kids and pets can play sooner. Enjoy the yard you are already paying for and invite friends without worry. We begin with a short discovery call to confirm fit and goals.
