ACCOUNTANT - 60 SECOND EXAMPLES (FEEL FREE TO COPY)

Accountant/Tax Preparer/Bookkeeper #1

Hi, I'm Megan Ortiz with LedgerLight Accounting. We believe in saving you money and safeguarding against the IRS.

If you own a business and feel like taxes take too much or paperwork keeps piling up before tax time, I can help. I explain everything in plain language and set up simple steps so you always know what to do next.

Here is proof. Last year, I saved a plumbing company more than thirty thousand dollars compared to their previous CPA. I found legal deductions and credits they were missing and organized their books so nothing slipped through the cracks.

If you have ever said, "I don't know where the money goes," or "My CPA is waiting," think of me. I will dig in, clean things up, and show you where every dollar goes so you pay only what you owe.

Accountant/Tax Preparer/Bookkeeper #2

Hi, I'm Daniel Shaw with BrightTax Advisors. Professional service delivered with care. This week I'm looking for self-employed professionals who paid more than fifteen thousand dollars in taxes last year and do not have a quarterly plan.

Two months ago a designer came to me after a painful April. We reviewed entity options, set reasonable S corporation payroll, and built a deductions checklist tied to a monthly calendar. Her next year's bill dropped by eight thousand dollars and cash flow became predictable. This week I'm looking for consultants, creatives, or contractors with large tax bills who want proactive planning.

When you hear "my accountant only talks in April" or "estimated taxes surprise me," introduce us. I'm Daniel Shaw with BrightTax Advisors. Strategy that saves, reports that speak.
