FLOORING & TILE - 60 SECOND EXAMPLES (FEEL FREE TO COPY)

Flooring and Tile #1

Hi, I am Sophia Park with TerraCraft Floors. Surfaces that stand up to life. This week I am looking for families with damaged laminate in kitchens who want waterproof options. A client replaced swollen planks with luxury vinyl plank rated for pets and spills. We leveled transitions and added quiet underlayment. The space looked new and sounded solid. This week I am asking for homeowners who say floors click or lift. Connect us for a quick measure. We bring samples to the home, provide tight timelines, and handle furniture so installs finish smoothly. We begin with a short discovery call to confirm fit and goals. Next we outline a simple plan with clear steps and dates. Expect clear communication, transparent pricing, and realistic timelines. We coordinate with all parties so the handoff stays smooth and predictable. I am Sophia Park with TerraCraft Floors. Surfaces that stand up to life.

Flooring and Tile #2

Hi, I am Marco Diaz with TilePro Installations. Clean lines and lasting grout. I want owners who have shower tile with hairline cracks or missing grout near corners. A bathroom leaked into the ceiling below. We rebuilt the pan, installed cement board, and used epoxy grout. The shower looks sharp and stays watertight. This week I am looking for cracked grout, soft spots, or discoloration around showers. We fix the cause, not just the symptom, and leave bathrooms ready for daily use. We begin with a short discovery call to confirm fit and goals. Next we outline a simple plan with clear steps and dates. Expect clear communication, transparent pricing, and realistic timelines. We coordinate with all parties so the handoff stays smooth and predictable. Our team documents progress with notes, photos, and status updates. We set expectations. I am Marco Diaz with TilePro Installations. Clean lines and lasting grout.
