### **Cleaning - Commercial #1**

Hi, I'm Jordan Blake with ClearPath Janitorial. Professional service delivered with care. This week I'm looking for office managers in medical or professional suites between 3,000 and 15,000 square feet who have recurring restroom or dust complaints. A dental office struggled with sterilization areas and fingerprints on glass. We retrained on medical protocols, added microfiber schedules, and implemented a photo-based checklist. Complaints dropped to zero within two weeks. This week I'm looking for managers who are tired of re-cleaning after their cleaners. When you hear "the night crew missed it again," think ClearPath. I'm Jordan Blake with ClearPath Janitorial. Consistent quality you can see. We deliver keyed supervisors, QR-code checklists, and surprise inspections so standards stay high. Expect responsive communication, secure access, and spotless restrooms that employees notice.

### **Cleaning - Commercial #2**

Hi, I'm Naomi Ellis with NightOwl Facility Services. Professional service delivered with care. This week I'm looking for property managers onboarding a new tenant within forty-five days who need reliable post-construction and move-in cleaning. A tech tenant faced a messy handoff and a long punch list. We delivered a phased clean, walked with the general contractor, and returned after trades to finish detail work. The tenant opened on time and the walkthrough was effortless. This week I'm looking for managers with upcoming tenant turns who want a smooth opening. When you hear "dust is everywhere" or "the punch list keeps growing," call NightOwl. I'm Naomi Ellis with NightOwl Facility Services. We make you look good. From floor finish to glass gleam, our checklists and photos keep everyone aligned. Deadlines matter.
