PLUMBER - 60 SECOND EXAMPLES (FEEL FREE TO COPY)

Plumber #1

Hi, I'm Thomas Reed with ClearFlow Plumbing. Professional service delivered with care. This week I am looking for homeowners with water heaters older than ten years that run out of hot water during normal showers. A family complained about short showers and rising gas bills. We installed a high-efficiency unit with proper venting and a pan alarm. Showers returned to normal and energy costs fell. This week I am looking for homes with rusty water, popping noises, or frequent resets. When you hear that, think ClearFlow. I am Thomas Reed with ClearFlow Plumbing. Honest answers, clean work. We provide upfront pricing, shoe covers at the door, and photos of every completed job. Hot water should be simple and safe every day. We begin with a short discovery call to confirm fit and goals.

Plumber #2

Hi, I'm Amelia Grant with BlueRibbon Plumbing & Drain. Professional service delivered with care. I want property managers who receive repeated calls about a slow kitchen line or a downstairs toilet that backs up after parties. A rental duplex had monthly clogs. We hydro-jetted the main, replaced a crushed section, and set a preventive clean-out schedule. The emergency calls stopped. This week I am looking for owners who say the same drain keeps clogging. Send them to BlueRibbon. I am Amelia Grant with BlueRibbon Plumbing & Drain. Fast fixes that last. We arrive with the right equipment, explain options clearly, and leave the space as clean as we found it. We begin with a short discovery call to confirm fit and goals.
