COSMETIC & SKIN CARE SALES - 60 SECOND EXAMPLES (FEEL FREE TO COPY)

Cosmetic and Skin Care Sales #1

Hi, I am Ava Kim with LumaGlow Skin. Simple routines that deliver results. This week I am looking for adults who struggle with hormonal acne and have tried random products without guidance. A client rotated between trends with no plan. We simplified to a gentle cleanser, a targeted serum, and consistent sunscreen. Breakouts calmed and confidence returned. This week I am asking for referrals who say their skin routine changes weekly. Warmly introduce us and I will build a plan. I offer short consults, easy reorder options, and education so clients know what to use and when to use it. We begin with a short discovery call to confirm fit and goals. Next we outline a simple plan with clear steps and dates. Expect clear communication, transparent pricing, and realistic timelines. I am Ava Kim with LumaGlow Skin. Cosmetic and Skin Care Sales #2

Hi, I am Arthur Cruz with Radiant Day Beauty. Makeup that lets skin breathe. I want professionals with upcoming headshots who need a camera ready look that lasts eight hours. A realtor worried about shine and transfer. We matched undertone, set a breathable base, and added a soft matte finish. Photos turned out natural and polished. This week I am looking for teams planning picture day or new branding sessions. Expect shade matching, step by step instructions, and products that work under studio lights and daily life. We begin with a short discovery call to confirm fit and goals. Next we outline a simple plan with clear steps and dates. Expect clear communication, transparent pricing, and realistic timelines. We coordinate with all parties so the handoff stays smooth and predictable. Our team documents progress with notes and photos. I am Arthur Cruz with Radiant Day Beauty. Makeup that lets skin breathe.
