INSURANCE – HOME & AUTO - 60 SECOND EXAMPLES (FEEL FREE TO COPY)

Insurance - Home & Auto #1

Hi, I'm Julia Sparks with PorchLight Insurance. Professional service delivered with care. I'm looking for homeowners who bundled years ago and never reviewed limits. A client's roof coverage depreciated and a storm would have cost them dearly. We modernized the policy, raised liability, and still saved eighteen percent by re-shopping. This week I'm looking for families who say "we just auto renew." When you hear "we are probably fine," think PorchLight. I'm Julia Sparks with PorchLight Insurance. Better coverage with fewer gaps. Annual reviews that truly protect.

Insurance - Home & Auto #2

Hi, I'm Caleb Foster with MileMarker Insurance. Professional service delivered with care. I want small business owners who use personal autos for work without proper endorsements. A bakery van was listed as personal and a fender bender became messy. We corrected the policy, added hired and non-owned coverage, and protected the business. This week I'm looking for owners with logoed vehicles or frequent deliveries. When you hear "we just use my SUV," connect us. I'm Caleb Foster with MileMarker Insurance. Claims help when it counts. Get the right coverage right now.
