MARKETING & ADVERTISING - 60 SECOND EXAMPLES (FEEL FREE TO COPY)

Marketing/Advertising #1

Hi, I'm Lila Monroe with StorySpark Marketing. Professional service delivered with care. I'm looking for service businesses spending less than two thousand dollars per month on ads without clear tracking. A roofing company guessed at results. We installed tracking, fixed headlines, and focused on one offer. Cost per lead dropped forty-one percent. This week I'm looking for owners who say "we cannot tell what is working." When you hear that, think StorySpark. I'm Lila Monroe with StorySpark Marketing. Make your message matter. Clear data plus better creative equals more calls. We begin with a short discovery call to confirm fit and goals. Next we outline a simple plan with clear steps, dates, and owners. Expect direct communication, transparent pricing, and realistic timelines. We coordinate with all parties so the handoff feels smooth and predictable.

Marketing/Advertising #2

Hi, I'm Andre Vega with Thumbstop Creative. Professional service delivered with care. I want local professionals with dull Google profiles and weak photos. A dentist updated photos, added reviews, and posted weekly tips. Calls increased within a month. This week I'm looking for businesses whose last post was months ago. When you hear "social does not work," call Thumbstop. I'm Andre Vega with Thumbstop Creative. Content that converts. Show up, stand out, and get picked. We begin with a short discovery call to confirm fit and goals. Next we outline a simple plan with clear steps, dates, and owners. Expect direct communication, transparent pricing, and realistic timelines. We coordinate with all parties so the handoff feels smooth and predictable. Our team documents progress with notes, photos, and status updates.
