INSURANCE – HEALTH CARE - 60 SECOND EXAMPLES (FEEL FREE TO COPY)

Insurance - Health Care #1

Hi, I am Morgan Ellis with BrightPlan Health Insurance. Plans explained in plain English. This week I am looking for self employed families who missed open enrollment and need a compliant option. A photographer feared going uninsured. We used a special enrollment trigger and placed a plan that matched her doctors and prescriptions. Stress dropped and coverage began quickly. This week I am asking for freelancers who say health insurance is confusing. I compare networks and costs so clients choose confidently and avoid surprise bills. We begin with a short discovery call to confirm fit and goals. Next we outline a simple plan with clear steps and dates. Expect clear communication, transparent pricing, and realistic timelines. We coordinate with all parties so the handoff stays smooth and predictable. I am Morgan Ellis with BrightPlan Health Insurance. Plans explained in plain English.

Insurance - Health Care #2

Hi, I am Sean Patel with EmployerCare Benefits. Benefits that help teams stay. I want companies with ten to fifty employees who renew soon and saw a double digit increase last year. A shop faced rising premiums and frustration. We reshopped carriers, added a level funded plan, and taught employees how to use benefits wisely. Costs stabilized and satisfaction improved. This week I am looking for owners who say renewals feel painful. We handle enrollments, onboard new hires, and answer questions so HR can focus on people. We begin with a short discovery call to confirm fit and goals. Next we outline a simple plan with clear steps and dates. Expect clear communication, transparent pricing, and realistic timelines. We coordinate with all parties so the handoff stays smooth and predictable. I am Sean Patel with EmployerCare Benefits. Benefits that help teams stay.
